REPORT OF SUPERINTENDENT OF SCHOOLS.

To the School Board of Plainfield:

I am hereby offering for your consideration my seventh annual school report.

On August 31 the fall term of schools began with one half of the teachers new to their schools. The prescribed vacations are Thanksgiving week, Christmas week and the week following, and a two-week period beginning March 20. The holidays granted are Labor Day, Washington's Birthday, Fast Day, and Memorial Day. June 11 is the date scheduled for the closing of schools.

The September school census returns indicate that there were in town 167 children between the ages of 5 and 16. 135 are registered as members of the local public schools, 2 are attending private schools, 16 are in secondary school attendance, one is a student at Keene Normal school, one is attending an elementary school in Cornish, and twelve between 5 and 8 have not yet entered school.

The diligence of the teachers in their several schools, the absence of serious disciplinary troubles, the interest of the children in their studies and the progress made in those studies are on the whole a matter of encouragement.

The teachers' names and the fall term regulation of the respective schools are exhibited in the following table:

<i>Teacher</i>	<i>School</i>	<i>Enrollment</i>

HEALTH.

Miss Edith C. Foss of Goshen was engaged as school nurse. She devoted two weeks in November to Plainfield school work. She reports twenty-one interviews with citizens, twenty visits to the schools and the examination of one hundred twenty-four children. She is planning remedial work upon her return in the spring.

GENERAL STATISTICS.

For the Year Ending June 30, 1926.

The schools were in session 176 days. There were four no-school days. The total registration of different pupils was 150. The average membership was 122.8; the average attendance was 116.7; the per cent of attendance was 95. The percent of attendance for the entire state was 94. The state average of no-school days was 7. The average salary paid our women teachers was \$773.43. The average salary paid women teachers in elementary schools of the entire state was \$1006. As long as the district pays an average annual sal-

ary substantially smaller than that of the state it will be impossible for the district to secure a corp of teachers of average capacity and skill. If, however, the district will raise annually for elementary schools a few hundred dollars in addition to the usual appropriation, not only will it cause an increase in the district's approved budget and an ultimate reimbursement by the state for money thus expended, but also in a very few years the average salary paid by the district would equal the state salary average and moreover the district could maintain that average with a return to the minimum limit of appropriations permitted by law to state-aided towns. Unless an extra sum be raised by the district for the first year's financing of better teachers, I know of no way in which the quality of the teaching force can be improved.

Pupils who were graduated from the eighth grade in June, 1925: Helen Spalding, Ada Read, Stella Williams, Langdon Walker, Lawrence Walker, Ethel Bonner, Charles Sullivan, Donald Stearns, Eugene Fadden.

Sixteen children were reported perfect in attendance, being neither absent nor tardy for the entire year. The list follows: Helen Spalding, Ethel Bonner, Virginia Bulkeley, Eugene Fadden, Alice King, Donald Stearns, Henrietta Stearns, Charles Sullivan, Jack Sullivan, Catherine Sullivan, Helen Tinkham, Ruth Chellis, Mildred Merrihew, Myra Merrihew, Kathleen Jordan, Daniel Westgate.

Respectfully yours,

ANDREW P. AVERILL.
Superintendent.
